MASONITE® INTERIOR DOORS
Masonite®
Interior Doors at a Glance

PALAZZO SERIES

High-definition panels with deep, rich embossments and raised moulding impart an air of elegance to any space.

WEST END COLLECTION®

Embossed lines and minimalist designs that add sophistication & bold style through understatement.

HERITAGE® SERIES

Combines the classic lines of a wood shaker door with the durability of molded panel engineering.

CHEYENNE® • RIVERSIDE® • SADDLEBROOK®

Feature lines distinguish the architectural correctness of authentic stile & rail wood doors.

TRADITIONAL MOLDED PANEL

The originals, these doors complement any décor with their simple, pleasing lines & familiar designs.

2, 3, 4 and 6 Panel
2 Panel Roman
2 Panel Arch-Top
4 Panel Arch-Top
6 Panel Prefinished

Decorate with Doors
Add Color to Your Home with Masonite Molded Doors

Personalize your interior door to reflect your unique style.
Solid core doors add more value to a home than standard hollow core doors.

The easiest way to tell if your door is hollow or solid is to simply knock on it. You’ll hear—and feel—the difference immediately.

SURVEY SAYS...
When given a choice between Safe ‘N Sound’ or hollow core doors, 100% OF CUSTOMERS PREFER SAFE ‘N SOUND.*

Ask your representative how to upgrade to a Safe ‘N Sound door.

CAN YOUR DOOR PASS THE KNOCK TEST?

Solid core doors add more value to a home than standard hollow core doors.

Safe ‘N Sound doors offer the durability, heft & feel of real wood.

1-3/4” THICK fire-rated options

Green at HEART

The core of our Safe ‘N Sound door is engineered from wheat straw, an annually renewable resource.

5 year warranty

*Qualitative research conducted in 2013.
European style raised panels with smooth surface, ready to paint

Engineered with Masonite’s Component Construction for maximum performance

Resists warping, shrinking and cracking

**Palazzo Series**

- European style raised panels with smooth surface, ready to paint

**CAPRI**
2 square panels

**TREVISO**
3 panel camber-top
West End Collection™

- Modern designs complement a variety of décors
- Available in Safe ‘N Sound®, see page 21 for details
- Emerald “green” specification offered for all styles with matching bifolds, see page 21 for details

Masonite’s sliding door track system is space saving, easy to install and features ball bearing rollers to allow your doors to open & close quietly.

See page 21 for our Barn Door Hardware
NEW Heritage® Series

- Combines the classic lines of wood shaker doors with the durability of molded panel engineering
- Available in Safe ‘N Sound®, see page 21 for details
- Emerald “green” specification offered for all styles with matching bifolds, see page 21 for details
Feature lines distinguish architectural correctness of authentic stile & rail wood doors.

Available in Safe ‘N Sound®, see page 21 for details.

Emerald “green” specification offered for all styles with matching bifold doors, see page 21 for details.
Molded Panel Series

- Resists warping, shrinking and cracking
- Available in Safe ‘N Sound®, see page 21 for details
- Emerald “green” specification offered for all styles with matching bifold doors, see page 21 for details
6 Panel Prefinished Styles

- Durable topcoat ensures a long-lasting finish
- Resists warping, shrinking and cracking better than solid wood doors
- Available in textured finished with matching bifolds

Commercial Doors

BASIC | DURABLE | LOW MAINTENANCE

10" Bottom Rail
- Taller bottom rails & wider stiles for compatibility with commercial hardware
- Satisfies ADA requirements
**Flush Series**

- **Basic** | **Durable** | **Low Maintenance**

Flush door designs:

- A perfect option for small budget renovations
- Offers the beauty and refinement at an authentic woodgrain finish
- High-quality materials make doors easy to finish

#### Masonite Classics

- MOLDED PANEL SERIES
- FLUSH SERIES
- PASSAGE BIFOLDS
- Primed
- VENEER
- Oak, Birch, Hardwood

---

**Note:** Due to manufacturing processes, a 1/8" tolerance is acceptable on horizontal lines. Designs and sizes are available in all regions as stock products. Please check for special order availability. *Molded Panel actually measures 1'7-13/16".*

*Thinner outer styles will not affect functionality. Double doors and bifolds are not recommended.*

---

**Molded Panel Series & Masonite Select** Collector Notice: Please note that some sizes are only available as a result of being trimmed from a larger facing. The trimming process may result in a stile width that is too narrow to accommodate a standard bore. To machine a standard bore with a 0.375" diameter tool on the lock rail, a minimum 0.75" stile width must be present. Due to the variance in the size of the stile, the bore will be a variable between 0.375" and 0.75" wide. Discrepancies in the size of the lock rail will occur when the stile width is too narrow. Please refer to Masonite Molded Door Facing Dimensional Specifications to verify the outer stile measurements of your desired door size. Contact your Masonite servicing plant for additional information.
